

Multi Function Workbench

The BIHUI Multi-Function Workbench is a robust and comprehensive solution to all a tiler's work top needs with the foldable legs, carrying handle and wheels ensuring it is a compact companion that is effortless to set-up and transport.

The table is designed at an ergonomic working height and is equipped with 2 quick action clamps and extendable tile supports to both secure the tile and provide a larger working surface. The central channel and additional guide hole allow for straightforward cutting and drilling. It is the perfect work station to compliment the BIHUI tool range.

- Wheels, handle and foldable legs for effortless set-up, storage and transportation
- Cutting channel provides up to 950mm straight cuts at 90° and 45°
- Bench side extension and adjustable rulers allow for working width of 720mm
- 2 Quick action clamps provide fast and firm securing of the tile

Specification

Height: 780 mm
